Description

Aleddra's DMD Flood Light is designed with versatility in mind. It's compact and light weight. It comes in a wide range of wattage, from 100W to 200W, for all types of outdoor lighting applications. The higher wattage models can be used for sports field lighting. Its yoke mount bracket provides easy adjustment for different lighting direction. When mounting on the building, it can be used as a good wallpack fixture. It can also be used on the ground or as a wall wash light. The default beam angle is 110 degrees.
